**Observed**

The Archer can equip the Ankheg Plate Mail.

**Notes**

Archers "may only wear leather, studded leather, and hide armor" according to the kit description.

Original report:

- 1) Load attached save
- 2) Open Kivan's Inventory

Observed: Kivan(archer kit) can freely equip and unequip ankheg armor.

Expected: Kivan should not be able to equip any armor besides studded leather, leather, and hide.

Notes: Kivan was made into an archer when I recruited him with EE keeper. My cleric just recently got better armor so I removed the ankheg armor. When moving it, I noticed Kivan could wear it. He is correctly restricted from wearing other armors an archer should not be able to wear.

Other Thoughts: This could be instead, a typo in the description of the kit. If Archer was restricted to non-metal armors, like a druid.
