<b>Target version:</b>	2.2.66.0		
<b>Found In Version:</b>	2.1.63.2		
<b>Description</b>  1. Load the attached ToB save. 2. Make Haer'Dalis use his Enhanced Bard Song (f4).  <b>Observed</b> The song affects Hexxat even though she is in a different area, affects Minsc even though he is far away, and only effects Haer'Dalis himself for a split second before wearing off.  <b>Expected</b> The enhanced song should function like other bard songs in that it should only affect party members in a 30' radius. It should also affect Haer'Dalis himself; including applying the extra bonus -6 AC and 5% MR beyond what the rest of the party gets.  <b>Note</b> Internal report #22773
